

First class Medical care for Travel Anywhere

Passport Health is a leading provider of travel health information and immunizations for international travelers, major corporations, universities and other organizations. International travel, whether for personal or business reasons, can be challenging if you are not prepared. Disease, illness, crime, and injury happen unexpectedly to even the most experienced traveler.

We can prepare you for your trip with destination-specific travel information, immunizations, travel shots, specialty travel products, and international travel health insurance in all our travel clinics.

Our nationwide staff is comprised of professionals that include board-certified physicians and registered nurses who have completed rigorous training in the field of travel medicine and immunology.

Travel Medical Services

GOOD HEALTH, don't forget to take it with you!

Planning for good health on an international trip is as important as planning the route, buying tickets, or obtaining passports. Passport Health's mission is to provide up-to-the-minute information, immunizations and consultations for travel as the first step in the travel odyssey.

Services:

- ✓ Customized, destination-specific Travel Health consultations
- ✓ Complete stock of travel immunizations
- ✓ State-certified Yellow Fever Vaccine center
- ✓ On-site group services
- ✓ Specialty Travel Health products
- ✓ Travel Health insurance/assistance/evacuation
- ✓ Recommendations for safe food, water and activities

Medications and immunizations often require several doses prior to travel, so as soon as you know your itinerary, make an appointment with us.

On-site & Specialty Services

Passport Health has been recognized for superior service by the CDC, DoD, Universities and Pharmaceutical companies. We have been called upon to work on clinical vaccine trials to bring life saving vaccines to market.
